A REVOLUTIONARY ORGANIZATION COMMITTED TO BUILDING A NEW MAN; A NEW WOMAN, & A NEW WORLD

STAND TOGETHER

STRUGGLE TOGETHER

TOGETHER WE WILL WIN

HIGH SCHOOL WALKOUTS

Recently, the Chicago Board of Education announced that starting in September art, music and physical education courses would be dropped from the public schools. The Board of Education is continually in a state of crisis and has been for years. They either have to lay-off teachers, close schools early or, like now, they say they have to eliminate these classes; classes that students like the best. The reason, of course, is always the same - lack of money.

Right now, the Board of Education has plenty of money to keep these courses, the problem is the money isn't used to benefit the students. In a report prepared for the Board in May of 1967 (Organization Survey of the Board of Education) it was said that the school system is too centralized and that there is too much duplicate reporting and unnecessary work. In other words, by reorganizing and eliminating the dead branches the Board could use the money for the students instead of loading the pockets of administrators. But Boss Daley and his cronies consider administrators (most of whom are political friends) more important than students, so the money that is available continues to be misused.

Now, even if the Board did make the changes necessary to channel more money toward better education for the young people of Chicago, it is true that not enough money is available. School buildings need repairs to keep them from falling down on students heads and not enough money is available to buy new books and teaching equipment that students are entitled to. Since the people of Chicago are paying outrageous taxes for things like a good education for their kids, why isn't there enough money? One reason is that the big real estate businessmen that own all the big buildings, hotels, etc., and the big corporations don't pay the taxes they're supposed to. Their property is under-assessed by the county assesor, it's not taxed at it's true value but at a lesser value because these big businessmen are Mayor Daley's friends and the county tax assesor, P. J. Cullerton, is also Mayor Daley's friend . But, the majority of people in Chicago are not Daley's friends and the tax assesor shows up right on the dot. They continually pass laws that increase the tax rate per $100 of assessed valuation of property. If you're a home owner you're practically being taxed out of your home and if you rent, the rent is being raised just the same. Now that our wages remain frozen (remember the wage freeze) we're loosing ground fast. And meanwhile, education in this city is loosing ground fast too.

The same thing is happening to schools all over the country. It is ironic that a nation that spends over 4½ million dollars every hour, year after year, murdering and savagely laying waste to the people of Vietnam, would have such a hard time coming up with money for the schools in this country. The people in power are more concerned with killing people than educating people.

The people are beginning to see through the lies and contradictions of the government. The lack of money is not the fault of the people, but the fault of the rich businessmen and politicians who control the country. So, on May 18th, and for a few days following, the students of several Chicago high schools and grammar schools walked out to protest the attempt to discontinue art, music and gym classes. Several students got together to write about their schools' participation in the walk outs. Their reports are on the following pages.

ALL POWER TO THE PEOPLE!

PEOPLE'S GRAPEVINE

KELLY HIGH SCHOOL WALKED OUT TO PROTEST THE WAR

A walkout was organized by some brothers and sisters at Kelly High School, May 19, as a protest against the war in Vietnam. About two weeks before the planned date people were rapping to the students about the war and leafleting. A petition was passed around for a permit for the park which was signed by over 800 people in one day. The request for the permit was denied because the park district said the park was too small and it is half owned by the Board of Education. We all know that the park is big enough, (what about when the football team wants to hold a pep rally)? It was just that the school wants to control us completely and the pigs don't want people to get together, let alone take a stand on the war.

We thought it was necessary to have a walkout and a rally in the park so we did it anyway.

The walkout was planned for May 19 after division (about 10:30). Before the end of division, the pigs started to come by the school. They stood in front of every door. Also, during division, students were threatened by their teachers. When the bell rang students started coming out of the school and into the park. People had blankets and started to sit in the park while a brother was reading a petition that said if *one person got barred from school everyone* would have to be barred. As he was speaking over a small portable p.a. system a few pigs came up to him and started to hassel him. He kept talking so the pigs grabbed him. One sister tried to stop this and she got busted too. A lot of people didn't dig this and started yelling at the pig and throwing things. Everyone started sitting in the streets and throwing thousands of leaflets into the streets. Then the fire alarm was pulled and more people came out.

The pigs started hasseling everyone so about 200 people decided not to be litterbugs, went out into the street and picked up the leaflets one by one, blocking traffic for a while.

One sister who was very vocal, leading people in chants and stuff, was getting hasseled by the pigs. A brother was trying to help her out and they both got grabbed by the hair and thrown into a pig car.

Two more sisters and a brother were getting pushed around by pigs and they told the pigs off, they got busted too.

After the last three were busted people were surrounding the pig car so it couldn't move. After everyone was cleared away the car drove around the corner to put the sisters and brother in the wagon. A lot of people were getting together to raise bail money while people were getting busted.

People started to have a demonstration around the school, chanting things like "1 - 2 - 3 - 4 We Don't Want Your Racist War," "Ho, Ho, Ho Chi Minh, Vietnam is gonna Win," and singing All Power to the People. Brothers and sisters who didn't come out of school were throwing books out of the windows. Spirit was very high.

After this, people were on the sidewalk in front of the school and the pigs were acting real cool, telling people that they understood what was happening, trying to make the people passive. One brother realized this as an obvious pig trick and got the people to start a second demonstration. People marched to Archer Ave., blocked traffice and handed out leaflets to people in cars and buses. People started sitting in the street, rapping and chanting. A group of reactionary chumps, who were encouraged by the pigs and coaches at Kelly, got into the demonstration and started to cause trouble to help the pigs break it up. But the chumps were too few in number compared to the brothers and sisters in the streets protesting the pigs and the war against Vietnam.

The most spirited people in the demonstration were getting busted. Two chumps were busted by the pigs, and since they were helping the pigs out, they kept asking why. But, later at the pig station the chumps were treated real good and were out within an hour while the first two people busted were in there almost 8 hours.

In the lockup one plainclothes pig threatened a brother from Kelly and also said he was god to all of us.

There was a lot of spirit in the lockup, people were really together.

Out of the 17 people busted 5 were juveniles. Pigs were trying to cause tension between families when parents came to pick up the brothers and sisters. But the pigs don't realize that the war affects parents as well as their kids and protesting the war is something the family can do together!

Protesting Nixon's policies in Vietnam is a righteous action and the pigs tried to stop us. The same pigs that come around to our neighborhoods and break us up whenever we're together. We had a good chance to talk about these things, and all the things wrong in this country, on the day Kelly walked out. And since then we're continuing to talk to each other to figure out how to build the revolution in America so we can change this country from a pig thing to a people's thing.

ALL POWER TO THE PEOPLE!

RICHARDS VOCATIONAL WALKED OUT

On Monday, May 21, over 300 sisters walked out of Richards Vocational High School. Together, we marched down to the Civic Center to protest the fact that next year all art, music and gym programs will be dropped. There was beautiful spirit as we marched, chanted and sang. One sister said, "I've gone to Richards for 4 years and this is the best thing that ever happened." After marching around the Civic Center and down to the Board of Education, we were joined by other brothers and sisters from Lakeview, Amundson, and Bell grammar school. We all gathered together and representatives from the different schools spoke, including a sister in the fourth grade. People talked about how this country can spend millions everyday in Vietnam and to send someone to the moon and yet, they say there isn't enough money for us to get a decent education. We said, "No, to the Board of Education, we won't let you cheat us anymore." Two days later it was announced that next year music, art, and gym will be kept. Right On!

POWER TO THE BROTHERS AND SISTERS WHO STRUGGLE TOGETHER!

STEINMETZ, FOREMAN & SCHURZ WALKED OUT

On Thursday, May 18, approximately three-fourths of the students at Steinmetz High School walked out to protest the Board of Educations decision to cut art, gym and music classes out of the schools. Students were angry because the government says it can't afford to let the students excersise and express their artistic skills, but they can afford to spend billions of dollars to kill and take away the future of innocent men, women, and children in Vietnam.

The students at Steinmetz walked out after division and, realizing that our power is in our numbers, went to Foreman to get people who walked out there. At Foreman students went through the building to get people out and the fire alarm was pulled. Hundreds of people joined the protest before the doors were locked and guarded to keep the others from leaving. We gathered in the parking lot and we decided to go to Schurz to get the people there to join in.

When we got to Schurz we found that the police from Foreman had called ahead and warned police at Schurz that a mass of protesters would soon be there. They actually locked all the classroom doors and put guards at all the entrances. When we got there, we walked around the school, chanting slogans and then gathered at the main entrance of the school. By this time it was lunch period and they wouldn't even let the students out for lunch. They said it was an extended period. Some students began to throw books out of the windows because they were so angry. After a while everyone decided to split so at least the people in Schurz could get out of their prison to eat lunch.

The whole thing was very heavy. People weren't just going to sit back and let things happen to them that they don't like. People realized their power and stood up for what they thought was right. This is just the beginning of All Power to the People!

EDUCATE TO LIBERATE!

THE NEW WORLD

CONLISK

The outraged people of this city have forced the Chicago Police Department to answer the charges made against them. People demanded that Supt. Conlisk come to the community to face these charges. Daley and Conlisk had no choice but to respond to these demands and so for the past few weeks Conlisk has been going from district to district holding "public meetings".

The meetings, in fact, are packed with absolute friends of the police (local politicians and party hacks) and police cadets. Many cadets are actually told to dress in regular clothes and sit in front of the meetings. There, they applaud and drown out questions and complaints from people who are lucky enough to get in at all, in the back. Out of 400 people at the 20th district meeting, 350 were plainclothes police or part of Daley's machine.

Another way Conlisk keeps the community from participating is by not giving any advance notice about the time and place. The people are not informed until the day before the meeting, and then this information is hard to find.

Special police units, like elements of the Task Force, Gang Intellegence Units and other undercover pigs are there taking pictures and video tapes of the crowd and generally looking nasty. They try to intimidate people from the neighborhoods from testifying. Conlisk and his cronies pass over many questions without even acting like they heard them. In every district where these meetings have been held, the pigs are clearly trying to cover up police misconduct, brutality and corruption by pretending to have open meetings while they do everything they can to discourage open meetings.

Yet, in every district, virtually all of the questions asked are critical of the police. Either because they do not respond to people's need for for protection, or because they are arrogant and brutal, or because of corruption, or because of racism, or because of harrasment of certain groups of people or certain neighborhoods.

In the meetings attended by Rising Up Angry legal program members, the people leave angrier than when they went in. These meetings are basically rigged and phoney and the people know this. We know that the pigs are not going to change until the people have the power to control their own neighborhoods - and that includes controlling the police. We urge people to attend these precinct farces and see for themselves. We also urge people to organize and support programs in their own neighborhoods to Serve the People and Stop the Pig!

COMMUNITY CONTROL OF THE POLICE!
ALL POWER TO THE PEOPLE!

Conlisk reluctantly faces the community.

A LETTER FROM THE CONCERNED CITIZENS ABOUT POLICE BRUTALITY

Conlisk says he's having these meetings so he can find out what's bothering us. He says to tell him our complaints about the police and he'll investigate them. So when Conlisk calls these meetings we come to tell him about our day to day experiences with cops. He says any cop guilty of abuse will be punished. We all know what happens when the cop only beats someone up – nothing. Now look at what happened in some cases of the worst sort of abuse -- where the cop killed someone.

Police Officer Michael Keehan was drinking in a tavern and shot a man. He was indicted by a federal grand jury for "willful killing" (that's a nice word for murder). The Police Internal Affairs Division conducted an investigation. Keehan was suspended for two whole days for "acting in a manner less than profes--sional." He is now working with the Gang Intelligence Unit. That means this killer has been assigned to watch our kids.

Patrolman Charles Prosapio of the Deering Tactical Unit killed John Brauer, a steelworker, on June 17, 1970. Witnesses said the two men were having an argument in a tavern and went outside, where Prosapio shot Brauer with a small calibre gun. He was charged with murder by a grand jury. Judge Daniel Ryan dismissed the charges without waiting to hear the defense. NOT A JURY–BUT A POLITICIAN JUDGE CUT PROSAPIO LOOSE!

Patrolman Thomas Nolan of the Area 4 Task Force shot John Soto on Oct. 5, 1970. Nolan said the gun went off as Soto struggled to take it away from him. Two eyewitnesses said that there was no struggle and that Nolan was beating Soto over the head with the gun when it went off. Witnesses were harrassed and intimidated by the police. The State's Attorney's men did such a successful coverup that a grand jury decided against an indictment. A WEEK LATER NOLAN RETURNED TO NORMAL DUTY

Michael Soto, an army sgt., came home for his brother John's funeral and was killed by cops investigating an attempted robbery.

These are just a few cases. The Chicago Law Enforcement Study Group finds 26 other cases (from 1969 – 70) where there was SUBSTANTIAL EVIDENCE OF POLICE CRIMINAL LIABILITY in fatal incidents. Not one of these cops was convicted. Most were let off with no punishment. Punishment for killing civilians is almost nonexistent, according to the study group report. Maybe that's why Chicago cops kill more civilians than the cops in any other city.

WHY IS THIS? THE INVESTIGATIONS ARE DONE BY THE CHICAGO COPS OR BY HANRAHAN'S OFFICE. THE CORONER'S JURY IS STOCKED WITH PATRONAGE APPOINTMENTS -- AND IN MOST CASES ONLY THE POLICE OFFICER INVOLVED GIVES TESTIMONY.

We have to organize to do something about this!

COMMUNITY CONTROL OF POLICE, NOT POLICE CONTROL OF THE COMMUNITY.

--Concerned Citizens About Police Brutality

RISING UP ANGRY HELD 3rd FREE DISTEMPER CLINIC

On May 27th, Rising Up Angry held a free distemper clinic at Grace Luthern Church. Dr. Allen Frank gave about 100 distemper shots to the pets of people who otherwise could not afford to get them. Dr. Frank, along with Rising Up Angry, feels that these shots should be given free to everyone who has a dog or cat. Distemper can kill your pet and this shot prevents it. In the future we will provide free shots again. The date will be announced in the paper and by leaflets.

Dr. Frank giving a free distemper shot.

IS OURS TO BUILD

KEDVALE PARK

Since the beginning of May the people in the neighborhood have been continually harassed and busted by the local goons on the pig force. They came around and opened the summer season with short and to the point orders to stay off the corners and stay out of the parks -- in other words -- to cease existing. They blatantly told us if they saw us around they'd start planting (they meant they'd plant dope on us and arrest us). Then on Thursday, May 5, they began their search and destroy missions.

Thursday, about 38 brothers and sisters were harassed and busted at Kedvale Park.

On Friday, people were together in the park, when the pigs came in and busted three brothers and two sisters. One brother tried to escape from these crazy fascists, but he was caught and handcuffed. At the station, the pigs worked up some steam and started beating two sisters and two brothers. When the third brother went up to them and asked what they were doing -- the pigs jumped on him too.

The next night, Saturday, another brother was busted and this time, they planted some weed on him. The brother freaked because he never *thought they'd really do it.*

Every night since then, the pigs have come around in five cars and a wagon to bust us or just give us a hard time. One day, when there were hardly any people around, the pigs were racing around the neighborhood to find someone. They finally found a brother walking home alone and they jumped out of their car, laughing, and said, "We got another one". The pigs planted dope on him too. A few days later we were playing baseball in the Nobel schoolyard when, sure enough, the fascists pulled up and made us leave.

Now, it's going to be a long hot summer, and we aren't going to spend it inside. Already in the first weeks of May these pigs have harassed us to the point that no one has any respect for them. When they come cruising by in their "Serve and Protect" squads, everyone knows they aren't serving or protecting us. They should be riding in "Rip-Off and Harassment" squads and stop fooling themselves about their fascist jobs -- because they're not fooling anyone else.

GET THE FASCISTS OUT OF OUR NEIGHBORHOODS!
COMMUNITIES SHOULD CONTROL THE POLICE!

Brothers from Kedvale Park

JENSEN PARK

Last Friday night, some people were at Jensen Park rapping with each other, having a good time, and minding their own business. About 11 o'clock, Officer Frimet (vice - squad) pulled up to the park. Frimet is a chump from the word go, a fine example of a pig. This creep entertains himself by hasseling and busting people. And he was true to form this night, too. He told people to split, and then told them they weren't moving fast enough for him, so he called a paddy wagon and a few squads to the park. Three brothers were busted -- they were taken to the 17th where Frimet had to figure out some charges. He eventually charged them with minor drinking, even though two of the guys were over 21. Later their charges were changed to disorderly.

Two brothers who were at the park but didn't get busted went down to the station to see about bailing out their partners. When they were cutting through an alley across from the station, two bluecoats asked what they were doing. Frimet heard this from inside the station, and called out the window for the pigs to bust these brothers also.

Frimet probably thinks he's doing a good job. But people at the park feel sick and tired of harassment from Frimet, Mitchell, and other chumps who have messed people around at the park. We understand more clearly than ever now that a lot of changes are going to have to come around the way the police brutalize the park.

ALL POWER TO THE PEOPLE!

LLOYD PARK

Some neighbors around the park complained to the pigs that they wanted the young people separated. The pigs came and the outcome was six young people were busted, five for disorderly conduct and one minor for smoking cigarettes. Three of the neighbors children were included; the neighbors tricked on themselves! The mother of one of the youths arrested had to complain back and the only person she could think of to blame was a woman who had opened her basement to the young people in the neighborhood during the long cold winter. She says if we hadn't been able to get together this winter, we wouldn't be getting together so early this summer. In some confused way she blames the woman who gave us a place to go for her daughter's arrest. This is heavy because this woman and other blind neighbors can't see that togetherness is a good thing. Young or old, we have to be together to solve our problems. Don't play the pigs' game.

OUR FIST MUST BE TIGHT!

HOSPITALS MUST COOPERATE WITH FREE HEALTH CENTERS

Two weeks ago, when a young boy came into the People Free Health Center at Wilton and Diversey for a physical examination, the doctor found a blister on his hand. The doctor opened the blister but she decided that it was seriously infected and the boy should go to Children's Memorial Hospital for further examination.

The mother took her son to Children's acute care clinic the next day. When the hospital's doctor looked at the boy's hand and saw that it had already been cut open and found out that the boy had been seen by a doctor at the People's Free Health Center -- the hospital doctor roughly said that if someone else has been messing around with the hand he was not going to take any responsibility for it and to go someplace else to take care of it.

A doctor at Children's Memorial Hospital refused to take this splinter from a young boys hand because he had been to the Free People's Health Center.

The mother was very angry and started to talk back to him so the nurse in the clinic took her to the Emergency Room. Here the boy was well taken care of. They found a 2 inch wood splinter in the boys hand and there was a bad infection starting in the whole hand and arm.

The doctor who didn't show concern for the boy's health and had no respect for the boy or his mother, is not a friend of the people. The Free Clinic doctor was respectful and tried to do everything she could to deal with the seriousness of the problem. The Free Clinic demands that the hospitals show a spirit of cooperation in giving people the best health care possible. We know that the Free Clinic cannot always give complete health with complicated medical problems but we will go into the hospitals to make sure people get the medical care they need.

GOOD HEALTH CARE IS A HUMAN RIGHT!
POWER TO THE PEOPLE!

THE BEAT OF

COMMUNITY DEMANDS DAVID MUNOS' MURDERER BE CHARGED

Ten year old David Munos was shot to death by an armored express guard on April 1 of this year. Since then the family has received letters of sympathy and support from all over the country. Hundreds of people from all over the city have been over to their house to reassure David's mother that her struggle will not be forgotten.

Just recently, the coroners inquest found the shooting to be accidental. The man who shot David, Brannan, said that he was firing a warning shot and hit David accidently. But, a warning shot is fired up in the air, not down (the port hole he fired from was above David's head). And why did Brannan decide to pull his gun and fire a warning shot, anyway? He said he saw 2 boys following his partner into the Jewel and he became nervous about it. His partner testified that he couldn't understand that because he didn't have any money with him. None of these questions were answered and yet it took the coroners jury only 20 minutes to decide it was an accident.

This is not justice. Mrs. Munos wants justice and so do her friends and family. On Wednesday, May 24th, about 80 people went down to 26th and California to demand that David's murderer be charged. The people see this for what it is - the police protecting the police. The city is trying to tie this case up in court, to stall until the people forget and give up. But, the people will not forget and they'll never give up. As Latins, Mrs. Munos and her family have been harassed and discriminated against since they came from Puerto Rico. The police hassled her older son so much that she sent him back. And now David is dead. Mrs. Munos doesn't want any more children murdered by this trigger happy maniac.

ALL POWER TO THE PEOPLE!

Friends and family of murdered David Munos acting out the tragic event and demanding justice at a demonstration at 26th and California.

STUPID RACISTS VANDALIZE BLACK FAMILY'S HOME

On April 13, 1972, a Black family bought a house in West Pullman after saving for years.

This family, like all oppressed families, had dreams of being able to have a happy home to live in. But, as the father of this family said, "dreams can be shattered as easily as window panes". When he went with his brother to drop off some paint and to start putting the place together, as they entered the home they found 32 windows in the house broken. They also found paint all over the carpets and drapes and the back door kicked in. When they went back outside they found their car windshield smashed and a side window broken.

So, the first thing they did was call the police. The pigs filled out a report and said there were no suspects. They then called the Human Relations Commission, but as usual there was no answer.

This family would be the only Black family on the 12800 block of Green St. The people who did this are as low as you can go. They refuse to open their eyes and see how they have been brainwashed by racism. An act of this kind is an act against the people. People who do these kinds of things are no different than pigs and the pigs are all losers. The side of the people is the winning side!

All power to the sisters and brothers who stand up strong on the people's side and fight the real enemy!

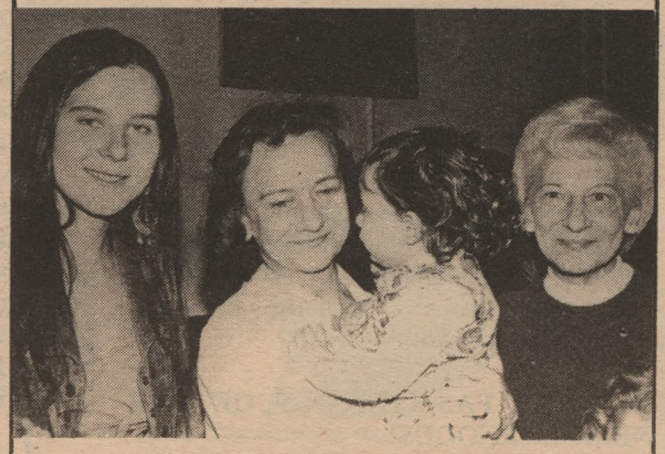
DAY LABOR RIP-OFF

On May 12, I went to work for Kelly Labor Service, which is what some sleezy politician calls day labor. That day I worked on a loading dock for Reynolds Aluminum Company in Melrose Park. I worked for 8½ hours and went back to the office to collect my paycheck. It was supposed to be for $11.00. It was $3.90 – for 8½ hours of very hard work. I couldn't believe it. I asked what was going on and this guy went into a long thing about the deductions. "Well, we charged you 80 cents to come back." Then he went on with charges for money advancement ($2.00) and, of course, income tax and unemployment deductions and then to top it off – 25 cents to cash the check. I wouldn't recommend that any brothers or sisters go to work for these rip-off artists. It's almost impossible to find a job, but then when you do and you get something like this, you see how a lot of people are forced into desperate situations

Stop Ripping-Off the Workers
All Power to the People

FAMILY DAY AT RISING UP ANGRY

On May 14, mothers day, Rising Up Angry held a family day celebration. Members of the organization, and sisters and brothers active in the Serve the People Programs, brought their families together. People talked about the work being done to serve the people through the medical clinic and legal program, answered questions families had about Rising Up Angry and the People's movement for change, and a movie, "Only the Beginning", about anti-war GIs and the war in Vietnam, was shown.



There was great unity as sisters and brothers, young and old, devoured roast beef, ham, turkey and various other dishes prepared by people in the organization. We finished off with a giant table of homemade cakes and pies. The Rising Up Angry family came together as one and people left with a better understanding of the things we do, and the importance of the people moving together to right the wrongs of this earth – including the war in Vietnam.

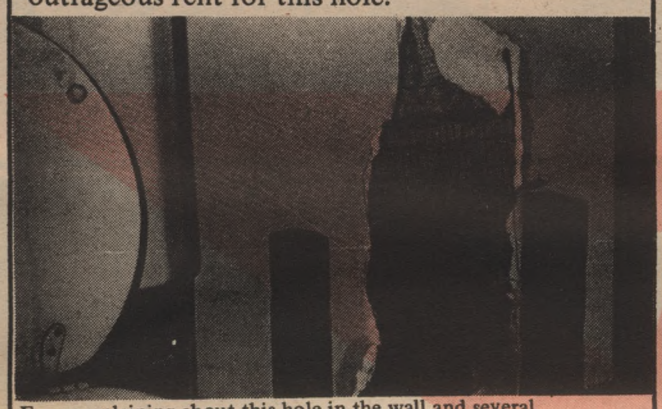
THROUGH UNITY THERE IS STRENGTH!
ALL POWER TO THE PEOPLE!

THE PEOPLE

KLEIN & THOMPSON REALTORS RIP OFF THE PEOPLE

Klein & Thompson Realtors own several buildings in the Lakeview area, one of them is located at Diversey and Sheffield.

This building looks fair from the outside but it's dangerous on the inside, especially the top floor apartment. There are several cracks and holes in the floor (one is so big that a kitten fell through into the area between the floor and second story ceiling). The light in the kitchen gives you a shock if you turn it on with wet hands. The bathroom has a hole in the wall so you can look into the bedroom and another hole in the ceiling where cold wind blows in during the winter. There is no water in the bathroom. Of course they collect an outrageous rent for this hole.



For complaining about this hole in the wall and several other building code violations, the tenants are being evicted by the realty company.

The tenants complained to the realty company but nothing happened. Finally, they called the City Building Inspector. It took about two months for the housing inspector to show up, and they never looked at the top floor apartment.

So far the Realty Company hasn't repaired anything but have sent the tenants an eviction notice.

This is just an example of how most Realty Companies run business but if we get together and resist we can put an end to this kind of rip off deal and have good housing for all the people.

ALL POWER TO THE PEOPLE!

ALBANY PARK

A couple of weeks ago we were sitting in the Bonfire Restaurant at Kedzie & Lawrence when two plainclothes pigs came in with a rifle sheath. They walked to the back of the place and met some guy (probably the owner), and pulled a double - barrel 12 – gauge shotgun out of the sheath. They all then went into the basement and left one guy guarding the basement door. They fired about four shots and then came upstairs and the two pigs left without the shotgun.

The Bonfire Restaurant has a long history of serving really bad food and hassling young people who hang out around the place. It's no secret whose interests the pigs serve. Not those of poor and working people but those of the rich businessmen. And at a time when Daley and Conlisk are screaming about gun control we see what they have in mind. Guns for their friends to use against us so they can control us or blow our heads off.

If we're going to have any gun control we should start by taking the guns out of the hands of the trigger happy pigs.

ST. LOUIS FOA

On May 8th inmates of the St. Louis city jail went on a hunger strike to bring attention to the conditions which they are forced to live in. The inmates are "detainees", that is people being held until their trial because their bonds are so high they cannot be paid.

On May 11th and 12th, negotiations were begun between St. Louis city officials and 8 brothers from the jail, both black and white, who were chosen by the detainees on strike. To give you an idea how racist these pig officials are, when asked what was done for the inmates insomnia (85% of the inmates are black) one official said, "I never knew a colored person who couldn't sleep."

This is what the city officials agreed to do during the negotiations:

1 - a grievance procedure to give complaints of guard brutality and intolerable conditions.
2 - jail rules and regulations posted where guards and detainees can see them.
3 - younger prisoners separated from older men to reduce chance of sexual assault.
4 - two additional visiting hours on Tuesday.
5 - personal hygene items available to all those who need them.
6 - jail shall give each tier a radio.
7 - jail shall give each tier daily newspapers and and six magazines.
8 - no one should have to sleep on the floor if there is an available bunk.
9 - blankets cleaned once a month instead of once every six months.
10 - detainees shall have the choice of their own private physician.
11 - anything which the jail has to furnish shall come from the $18,000 profit that the jail commissary made last year.

As of May 19th, the warden has only done numbers 4, 6, and 7. More negotiations are set up for May 26th. Friends of Angry in St. Louis support the demands of the brothers in the city jail.

FREE THE PRISONERS!
JAIL THE JAILERS!

St. Louis Friends of Angry

P.B.C.

The brothers and sisters of P.B.C. are having an outdoor memorial party to celebrate brother Frank Christodolas' birthday. Brother Frank, who was a true and respected brother, died last March. Frank's birthday is June 2nd, but the party will be held on Sunday, June 3rd, starting at noon. The place to meet is at the corner of Paulina and Barry. We are inviting all people in the spirit of unity to come. There will be music provided by TAXI, a people's band. The invitation is open to all people who want to come.

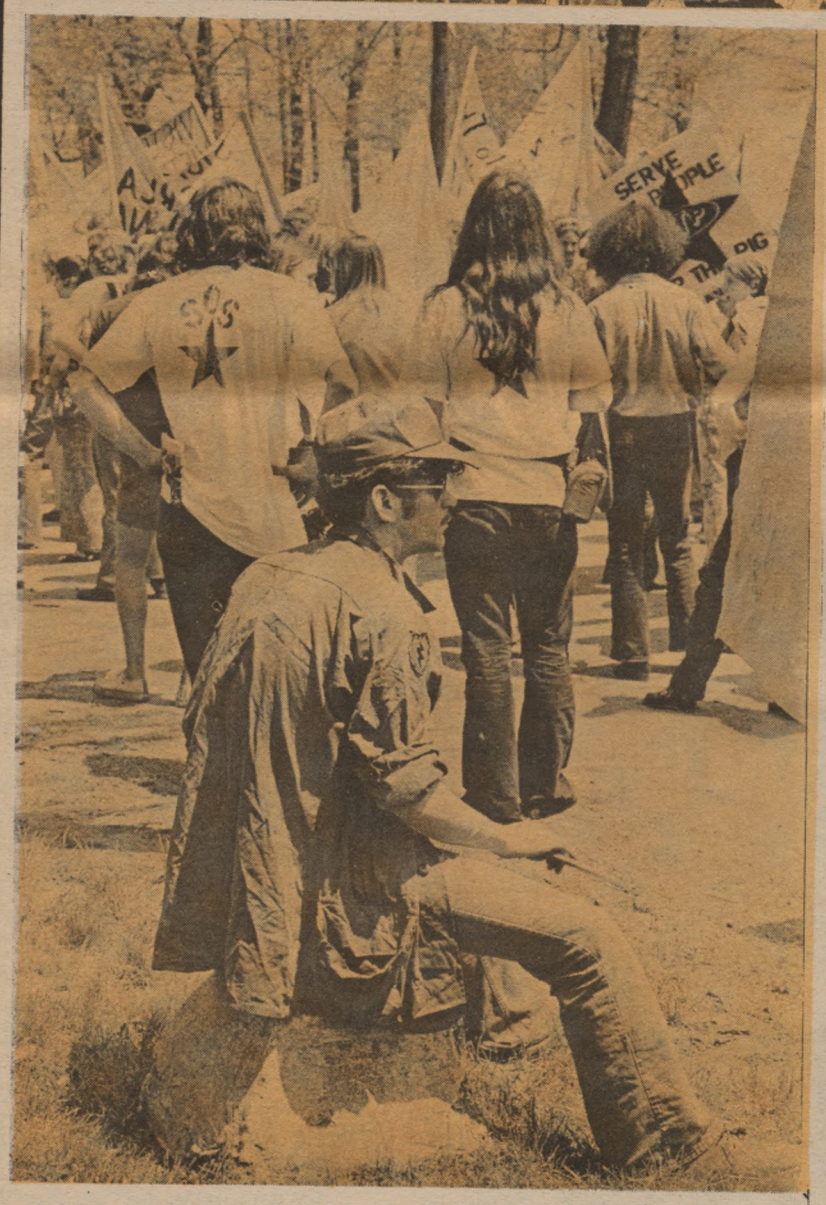
WEATHER UNDERGROUND BOMBS PENTAGON TO PROTEST WAR

On May 19, 1972, the 82nd anniversary of Ho Chi Minh's birth, the Weather Underground planted a bomb in the heart of the U.S. war machine, the Pentagon. The bomb was planted to dramatize the American People's opposition to the war in Indochina. In a communique, the Weather Underground gave their reasons for the bombing: "Today we attacked the Pentagon, the center of the American military command. We are acting at a time when growing U.S. air and naval shellings are being carried out against the Vietnamese; while U.S. mines and war ships are used to blockade the harbors of the Democratic Republic of Vietnam (North Vietnam); while plans for even more escalations are being made in Washington."

The communique then goes on to explain: "Vietnam is one country and one people . . . Vietnam, after the defeat of the French, was seperated into two zones at the Geneva Conference of 1954 . . . The Accords called for internationally supervised elections throughout Vietnam within two years in order that the Vietnamese could determine their own future. The elections never happened, thwarted by the American backed dictator Ngo Dinh Diem and his corrupt government. President Eisenhower said, "Had elections been held, possibly 80% of the population would have voted for the communist Ho Chi Minh". The era of direct U.S. intervention had begun. The Pentagon Papers pointed out later that 'South Vietnam was essentially the creation of the United States'. And yet the lie of aggression from the North has been used as the justification for continued escalation.... Nixon's every move shows him to be a greater war-monger than any of his predecessors. It is Nixon who directed the invasions of Cambodia and Laos, thus creating an all-Indochina war. It is Nixon who ordered the mining of the harbors and waterways of the D.R.V. And it is Nixon who has contingency plans for the use of nuclear weapons in Vietnam. He is the major prepetrator of violence in the world today; he is the war criminal . . . Nixon may be murdering for his pride and his power, but the Vietnamese are fighting to be free and to live as human beings in a different kind of world."

VIETNAM FOR THE VIETNAMESE!
STOP THE WAR!

3,000 BROTHERS & S
PEOPLE'S ARMED
ARMED FAR



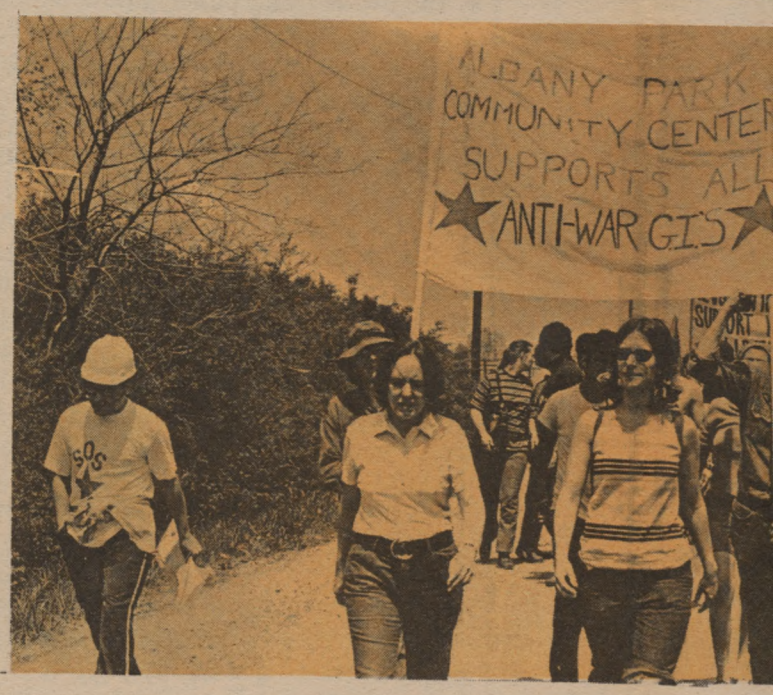
More than 3,000 beautiful people came together at Foss Park on May 20. Everyone came with a lot of spirit and energy to show the sailors that they have our support. We wanted to let our brothers in the navy know that we're against Nixon's war in Vietnam and we'll stand by the G.I.'s when they refuse to fight.

This wasn't just the average peace march or protest. First of all, there were a lot of brothers from the base who joined the rally. They could feel the unity and spirit of the people out in the park. The brothers and sisters out in the park were there for a reason, a reason that's right. The Navy is forcing the sailors to do something that's wrong and the brothers in the service know this. That's why the sailors would rather be at the demonstration than on the base.

The rally wasn't made up of the usual crowd of protesters that show up for most rallies. There were brothers and sisters off the block f neighborhood in Chicago. also a lot of veterans from as well as Chicago. Many brought their young childre young people brought their All these people came to Farces Day to do their pa the war and support the s

People started gathering park at about 10:30 A.M. most of the people got th marched around the base t sailors hear us and see tha were thousands of people supporting their struggle. and shouted so that our r spirit and solidarity would the fence to where our br locked in.

Then we marched back park and heard some speec Petzel, from VVAW, rapped the G.I.'s in Vietnam never fight because they don't th



DIRTY HARRY IS A PIG

THE FASCIST POLICE FORCES IN AMERICA ARE STOCKPILING AN ARSENAL OF SADISTIC WEAPONS WHICH ARE ALREADY BEING USED AGAINST AMERICANS WHO DEMAND JUSTICE AND EQUALITY

There's a movie out called "Dirty Harry" that shows how pigs think criminals should be taken care of. Their slogan is all power to the pigs. Clint Eastwood (Nixon's favorite actor) plays Dirty Harry, a detective who likes to kill. When the courts don't convict the criminal, Harry goes out and kills him. The criminal in the movie is a crazy murderer who attacks little children and who is impossible to sympathize with. The movie was made to make it look like all criminals are insane and that all killer cops are brave heroes who are looking for justice.

Nixon, Daley, Wallace, Dirty Harry and other right-wing fools like them say that there are two kinds of people—good, law abiding citizens and criminals. The good citizens never break the law and have nothing to hide. Criminals are bad people who break the law and have no rights. Now, there are a lot of problems with this fascist mentality. One of the most obvious is that the people they consider "good citizens" are usually rich and white, while the "criminals" are poor people of all races. So what it comes down to is the police in the poor districts are taught to simply assume that everyone is a potential criminal (some join the force because they already think that way) and since criminals are bad people and don't have any rights, they can harass, brutalize and murder people all in the name of "law and order".

(Another obvious thing that's wrong with the fascist law and order mentality is the pretense that rich people aren't criminals. Let's just keep in mind Paul Powell and the shoe boxes, ex-governor Kerner and the race track pay-offs, Kleindherst and the ITT bribes—just to name a few.)

THE NEW IMPROVED SAP GLOVE

Made of top quality leather. Each glove contains 6 oz. of powdered lead skillfully built into either knuckle or palm for instant defense. They are rapidly becoming popular as standard equipment with officers in all departments of law enforcement throughout the U. S. Sizes 8, 9, 10, 11. Black only.

Sold ONLY to Law Enforcement Personnel

This is an advertisement from a police journal. This is the fascist answer to crime.

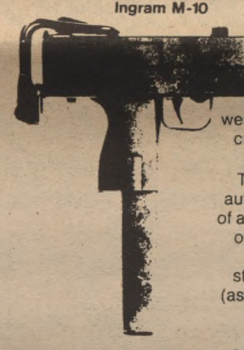
And why do people commit crimes? One reason is that it has become very difficult to survive and make ends meet without breaking the law in one way or another. Everyday, our paychecks buy less and less. Everyday, someone else we know gets laid off their job and doesn't even get a paycheck anymore. Many of us are backed up against the wall and it becomes necessary to steal. Here, in the wealthiest country of the world, people must steal and hustle just to have enough to eat.

Other crimes are committed because of anger, frustration, and hatred. This is especially true among young people. Look at all the times someone gets cut up in a tavern. Then there's all the foolish race fights and gang fights. When you get stepped on and messed over everyday you build up a lot of hatred. And this hatred has got to be taken out on someone. Instead of taking that hatred out on the enemy, like the pigs that make your life miserable, you take it out on those that are closest to you. Instead of hating the boss, the lying politician, or the fascist cop, you take it out on your wife, your family, the guy on the bar stool next to you, or the gang on the corner a few blocks away. This doesn't solve anything. It even hurts the people more because we are busy fighting each other instead of dealing with the enemy.

Because of all this frustration and pent up hatred, people are becoming more and more vulnerable to taking drugs to find relief. Over 75% of all crimes are related to drugs. The terrible thing about this is that most of these crimes are against poor people. More and more people are getting ripped off, and that's wrong. A lot of people are being oppressed by the government and they're also being oppressed by their own people. The people suffer all around. The user is forced to steal and hustle for a fix and the poor people in the community have to pay for it. The one who profits is the capitalist dope pusher who works together with the police. But who gets busted—a 16 year old with 2 joints of harmless marijuana. Meanwhile, the pushers are going around making fortunes on our hardships.

In their field, these two weapons are number one.

Ingram M-10



MAC 10 22

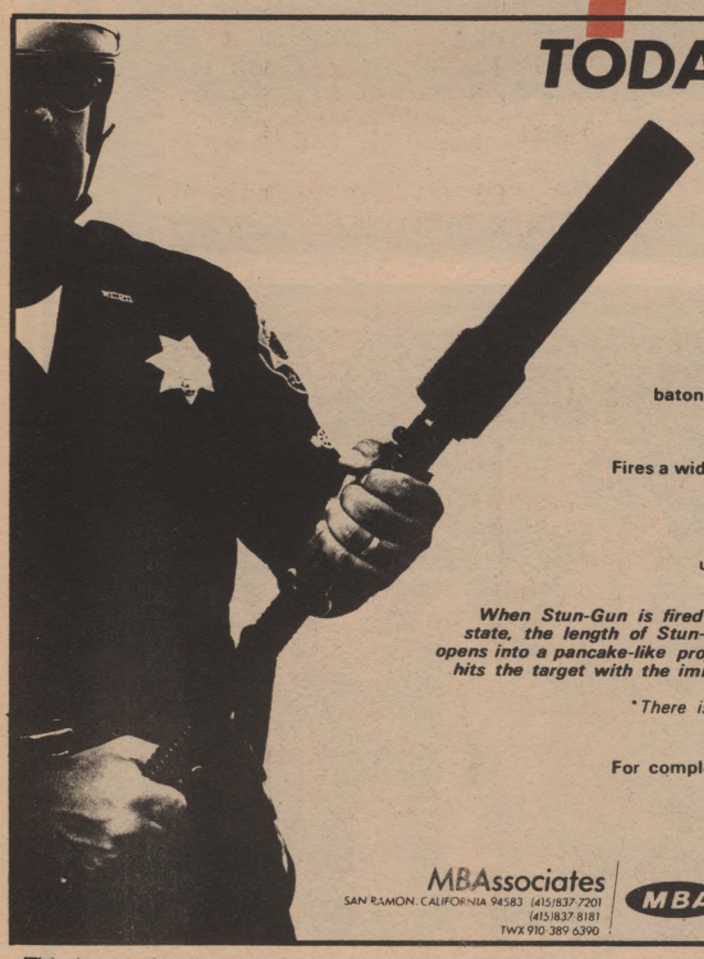
The field is law enforcement. And the weapons are designed to combat the special criminal problems that today's law enforcer must confront.

The Ingram M-10 is a .45 calibre (or 9mm.) automatic weapon with the mobility and size of a pistol, 1000 round-per-minute cyclic rate of fire while exceptionally easy to control. It becomes practically soundless and even steadier when operated with its suppressor (as shown). The .45 cal. weapon will also fire buckshot, or special non-lethal rounds, permitting a great latitude of operational adaptations. An unquestionably formidable weapon.

There's a difference between the fascist way that the government wants to solve the problem and the revolutionary way Rising Up Angry thinks that the problem should be solved. The pig method is to punish through beating, death or imprisonment. They want crimes to happen and then for the police to have a free hand in dishing out justice. It's the Dirty Harry method of stopping crime.

We want to cure the conditions that force people to rip each other off. We are against torture chambers called prisons, we're against police brutality, and we're against putting money into new inventions that can control the people. That money should be put into free food, free housing, and so forth. We want a society where the people's basic needs are met, not a police state with a Dirty Harry on every corner.

TODAY'S ANSWER FOR POSITIVE ACTION



A Grave Moment For Instant Decision!
Law Enforcement Officers are confronted with the dilemma, —Do I shoot or not shoot? No conscientious, socially responsible officer wants to inflict harm, or possibly kill. That's why more and more law enforcement agencies are allocating funds to make STUN-GUN Standard Equipment for their Officers.

STUN-GUN Provides The Answer!

STUN-GUN IS VERSATILE - Used as a night stick or riot baton - Proven effective to disperse crowds, stop riots and fights. To apprehend and subdue individual offenders.

STUN-GUN IS QUICKLY RELOADABLE
Fires a wide variety of rounds - Stun-Bags™ - with various range and energy levels - Multi-Baton™ - Plastic Shot - even Gas Grenades.

STUN-GUN REACHES OUT TO THE DISTURBANCE!
The only proofed controlled response system permitting ranges up to 550 ft. STUN-GUN meets head-on the needs of the rapidly changing attitude of today's public.

When Stun-Gun is fired it propels the specially weighted Stun-Bag, in a collapsed state, the length of Stun-Gun's 40mm rifled barrel. The spinning bag then instantly opens into a pancake-like projectile and flies accurately at speeds of 100 miles per hour. It hits the target with the immobilizing impact of a heavyweight fighter's knock-out punch.

*There is the possibility of risk to life if Stun-Gun rounds are not fired in accordance with manufacturers instruction.

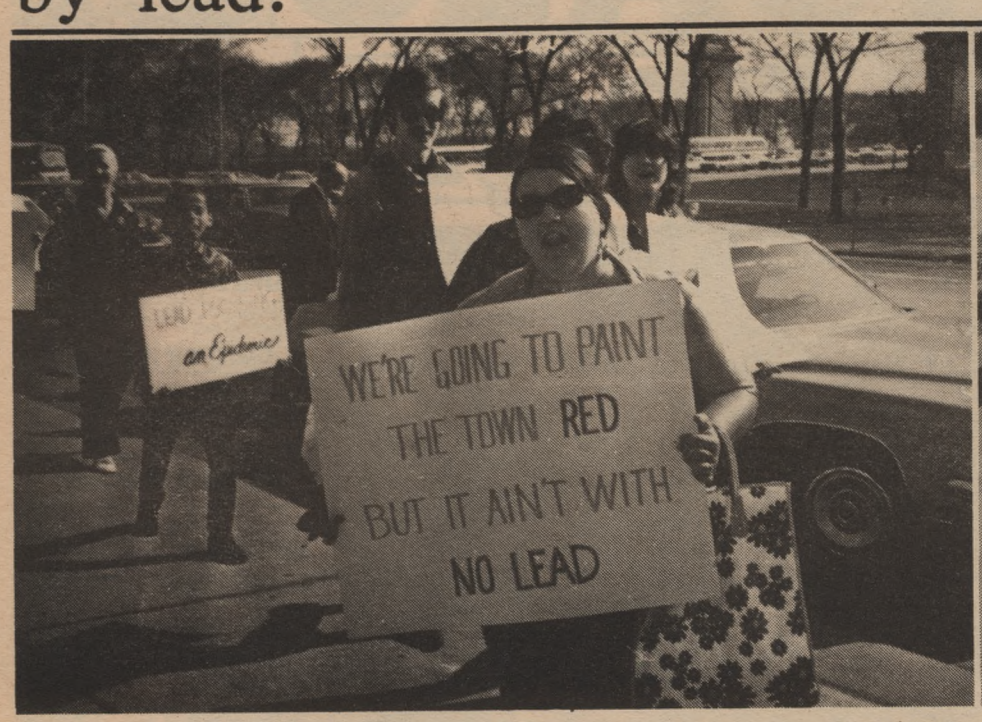
LEAD POISONING

Lead poisoning is a major health problem in the U.S. today. Every year thousands of children are poisoned by lead.



On May 11, 1972, members of the staff and patients of Fritzi Englestein Free People's Health Center went down to the midwest conference on lead poisoning that was held at the Conrad Hilton Hotel. We demanded that Chicago be deleaded by 1973. Lead poisoning is a major health problem in the U.S. today. Every year thousands of children are poisoned by lead. The main source of the lead is the old paint or plaster that children eat from cracked and peeling walls.

Some of the early common symptoms of lead poisoning are loss of appetite, stomach pains, vomiting, lack of energy, and acting irritable. Other symptoms of lead poisoning are the child may seem uncoordinated (like clumsy legs), look very pale and may start to lose weight or not gain weight. When lead is eaten, it gets into the stomach and passes from the stomach into the blood stream and is carried to other places in the body. It may go into the long bones of the arms or legs, some of the lead may pass out of the body through the urine and it can also go to the brain. Severe cases of lead poisoning can cause brain damage. Signs of brain damage are the child appears confused, may have convulsions or seizures (takes a fit) or become unconscious leading to death.

Many diseases cause these same symptoms and doctors have overlooked lead poisoning and treated children for other illnesses that have symptoms like lead poisoning. Also, most doctors have not been trained to understand that lead poisoning is a common medical problem in neighborhoods with old houses. Some doctors are just plain ignorant of the danger of eating leaded paint. One doctor told a mother that she didn't have to worry about her child eating paint chips because if she gave her child a lot of milk to drink, the milk would prevent lead poisoning. THIS IS COMPLETELY WRONG.

The only treatment for lead poisoning is injections with a chemical which will force the lead out through the kidneys. The treatment itself may cause damage to the child because the lead is very hard on the kidneys.

This is the reason why the patients and staff of the Fritzi Englestein Free People's Health Center want Chicago deleaded. We carried signs that read "Poison in the Walls due to City Hall" to point out that it is not the fault of the parents that children get lead poisoning, but it is the crime of a corrupt city government, including slum lords and lack of enforcement of housing codes by the courts. We also had signs that read, "Napalm in Vietnam–Lead in Chicago" to point out that this government has no concern for human life–whether they're aggressively dropping napalm on the people of Vietnam or passively letting thousands of people become poisoned by lead here.

After we picketed outside for about an hour, we marched inside to inform the conference participants why we were there. Once inside we spoke about the need for a peoples program to prevent lead poisoning. Our program is:

1) All housing with children under 5 be tested for lead paint.
2) IMMEDIATE deleading of any housing found to be leaded, through hiring community workers to do the construction, not waiting for endless court proceedings against landlords.
3) All children under 5 be tested for lead poisoning.
4) IMMEDIATE development of long term treatment and follow-up on all children who have a dangerously high level of lead in their blood.
5) Monthly reporting by the Board of Health on the numbers of children tested, the numbers of children found with lead poisoning and the number of homes actually deleaded and the tenants still remaining in them.

Most people don't realize it but lead poisoning is entirely preventable. The city, the courts, and the real estate interests are actively poisoning our kids by refusing to carry out a preventative program. We intend to put our peoples program into effect and announced that at the conference. Anyone interested in working on the Peoples Program to Delead Chicago should get in touch with us at RUA or at the Fritzi Englestein Free People's Health Center on Tuesday or Wednesday evenings at 2747 N. Wilton. Phone–348-8578.

WE WANT OUR FAMILIES TO EAT REAL FOOD – HEALTHY FOOD– NOT CHEMICAL SUBSTITUTES.

There are certain basic things that every person needs to survive – for instance, a place to live, clothes to wear, food to eat and medical care if we need it. The American system of capitalism – putting money before people – has been able to turn these basic needs into profits for businessmen. Whether we like it or not, we end up supporting these businesses. Most of the time we have no choice. We have to pay for the things we need just to get by. That's obvious. What isn't so obvious is the way they make us think we should buy stuff we don't really need, or worse, things that are unhealthy. Food products are the best example of this.

Food has become a big industry in America–a $125 billion a year business, in fact. But most of the money isn't made from meat and potatoes or fruits and vegetables. People will always buy and eat them. The big profits come from snacks, breakfast foods, desserts, and soft drinks. The kinds of things we watch people munch at parties in TV commercials–like chips with the dip already cooked in. Or the kind of cereal that Saturday morning TV cartoon heroes eat–with the sugar and fruit already on. Or the kind of food that astronauts take to the moon–tastes real but isn't.

Ever read the labels on some of those things? You'd find out, for example, that some of those frozen banana cream pies don't have any bananas or any cream frozen into them. Most of the ingredients in foods like these are chemicals that none of us ever heard of. The food industry calls them "synthetic additives". There are artificial flavors and colors, emulsifiers, texturizers, stabilizers, sweeteners, thickeners, anti-oxidants and preservatives. About 3000 different kinds are used. They are there because they are cheaper than the real thing or because the thing that's cheaper than the real thing would rot in the box without it. But that doesn't mean that WE get it cheaper. (The extra we pay for the sugar the factory puts on the cereal comes to about $1.75 more a pound than if we buy the sugar at the store.) The cheaper the ingredients, the bigger the profits for the Food industry.

They say they want to make things easier for us (like TV dinners or instant mashed potatoes) or better tasting (like Hamburger Helper or Skillet Dinners). But who knows what they use to get the flavor of a green pepper if they don't use a green pepper.

Hamburger Helper has "hydrolyzed vegetables protein". Potatoe Buds are chock full of "mono and diglycrides", not to mention a healthy helping of "calcium stearoyl-2-lactylate". For sure, nobody who buys these things knows what's really in them. The businessmen who make the money off them–they know–but they don't care. They buy the real things. And you can bet they won't be buying anything called Filet Mignon Steak Helper.

It seems even worse when we do know what some of those "synthetic additives" are. For instance, here's a list of some of the more common chemicals used in ice cream:

Diethylglucol–used instead of eggs, also used in antifreeze and paint removers.

Piperonal–an artificial vanilla flavoring, also used to kill lice.

Aldehyde C-17–a cherry flavoring, an inflammable liquid also used in dyes, plastic and rubber.

Elhylacetate–a pineapple flavoring, also used to clean leather.

Butyraldehyde–used in nut flavored ice cream, also an ingredient of rubber cement.

Amylacetate–a banana flavoring, also a paint solvent.

Seems like the Melody Freeze man ought to be playing "Taps" on his bells.

What it comes down to is this: Even though by U.S. Government standards, only ½ of all American families have a good diet, there isn't a businessman in the country who cares whether the food we buy in the supermarket has the vitamins, minerals and proteins our bodies need. All they care about is that we DO buy it. And we usually do, mainly because we don't know what is being pushed off on us. If we can afford to pay the rents we have to pay and if we have enough money left over (after paying all our other bills) to buy some food to eat – half the time we aren't even buying food!

STOP FEEDING US CHEMICALS!
WE ARE PEOPLE!
ALL POWER TO THE PEOPLE!!

CHE

Che Guevara was a dedicated revolutionary who helped the Cuban people win their freedom from U.S. domination and exploitation. After the triumph of the Cuban revolution, he went on to Bolivia to help the Bolivian people in their struggle against exploitation. It was in Bolivia, on October 8, 1967, that Ernesto "Che" Guevara was murdered by the U.S. Central Intelligence Agency (CIA) and the fascist Bolivian army. But the spirit of Che will live on forever in the hearts and minds of all people who are fighting for their liberation; the spirit of a man who wrote to his children a few days before he was murdered: "Remember that the revolution is what is important and that each of us, alone, is nothing. Above all always be able to feel deeply any injustice committed against anyone anywhere in the world. That is the most beautiful quality of a revolutionary."

Ernesto Guevara was born June 14, 1928, in Rosario, Argentina, the son of a small capitalist. He had 4 younger brothers and sisters. He suffered from asthma from the time he was 2 and was close to death many times as a result of this illness. He had to have a tutor help him keep up with his classes because asthma attacks caused him to miss so much school. But this didn't keep him from thinking about others or hold back his energy. From his youngest days, Che understood the plight of the workers and peasants and he hated the rich. When he was only 11 years old, the light and power workers in his town went on strike. Little Ernesto organized a gang of kids to support them. And support the workers they did! They used slingshots and broke every street light in town. So, the city had to meet the workers' demands if they wanted the lights fixed.

Che had to work his way thru high school and after graduation he entered the University of Buenos Aires. He continued to be very active. He became involved in student politics and became a heavy nationalist. He played on a rugby team and in spite of his bad asthma attacks, he stuck it out. After travelling all over Latin America in the summer of 1952 and seeing all of the poverty people suffered, he returned to the University to receive a medical degree in March 1953. He became a doctor in order to help the poor peasants he had seen living in misery all over South America. To fulfill this goal, he went to Guatemala where the president Incabo Arbenz, was trying to improve the living conditions of the peasants by taking back land the U.S. had ripped-off and giving it back to the peasants. But the U.S. government refused to let anything stand in the way of its profits, so the CIA engineered the overthrow of Arbenz. Since Che was on the side of the peasants he had to flee to Mexico.

It was in Mexico that Che first met Raul and Fidel Castro. He dug them from the beginning because they were committed to freeing their people from U.S. business control and wanted to bring about a better life for the peasants and workers in Cuba. He joined them as a revolutionary doctor in 1955 and began training with them in the hills of Mexico. They were building an army that would go back to Cuba and throw out the fascist dictator, Batista, that the U.S. supported. It was in the Mexican hills that Ernesto Guevara got nicknamed "Che" because he always called his friends "che", which in Argentina means "buddy". In May 1955, he married Hilda Gadin, a revolutionary sister from Peru, who was in exile in Mexico.

Finally, the day came – November 25, 1956 – 82 Cuban revolutionaries, under the leadership of Fidel Castro, left Mexico on the ship Granma to liberate Cuba. After six days they landed in Cuba and were massacred by Batista forces– only 12 of them survived. At this stage, Che dropped the title "doctor", because, as he said, "we are warriors". During the years of fighting and hardship that followed, Che was a great inspiration and example. He always volunteered for the most dangerous assignments and always demanded the most of himself. He taught the men to read. Despite his serious case of asthma and a huge allergy to mosquito bites (each one would swell up to the size of a walnut), he never asked any favors. (His health was so bad in fact, that he had been declared unfit for military service in Argentina.) In the summer of 1958, Che was made a commandante, the highest rank in the Cuban revolutionary army. Also in 1958, Che met another revolutionary soldier, a sister named Aleida Mach, who he fell in love with. He divorced Hilda (even though he remained close friends with her) and married Aleida on June 3, 1959.

After over two treacherous years of fighting, Che's forces seized a fortress in Havana in January 1959, and he issued this statement: "The peasant is a man of good faith, of high morals, and of an unbelievable love of liberty. Men and Women of the Sierra Maestre and all the peasants of Cuba were the principle fighters in this battle. Now that the struggle is over, one of the fundamental steps will be giving the Cuban peasant the treatment he justly deserves." It was the beginning of the construction of one of the most humane governments of the world – the revolutionary socialist government of Cuba under the leadership of Fidel Castro and Che Guevara. And it was after the revolution won power that the world got to know Che as the spirit of the Cuban revolution. He became the international representative of the Cuban government. His primary concern was the creation of the new man and new woman, the socialist person. The new person would be self-sufficient, would be guided by a feeling of brotherhood and morality, rather than striving for personal or material gains. The new woman and new man would be concerned with the whole of their people and not only with themselves. To build that person would require a changing of the economic structure to make the means of production be owned collectively and to have the economy serve the needs of all the people. And it would also require education, both through books and example, so he sacrificed much and disciplined himself to serve the needs of the revolution. He held many positions at different times in the revolutionary government including Minister of Industries, Chief of Department of Instruction of Revolutionary Armed Forces, President of the National Bank and Cuban representative to the United Nations. He summed up his feelings about his own sacrifice this way, "Each one of us will pay on demand his part of sacrifice. . .knowing that all together we are getting even closer to the new man whose figure is beginning to appear."

As much as Che loved Cuba and his revolutionary comrades, he knew that for the new person to become a reality in Cuba, revolutions had to occur throughout the world. He said, "There are no borders in these fights to the death. We cannot remain indifferent in the face of what is happening in any part of the world; any country's victory over imperialism is our victory, just as any country's defeat is a defeat for all of us." That's why he strongly supported the Vietnamese revolution.

Che lived what he believed, so in 1965 when he felt the new person was in the process of being built in Cuba, he disappeared from world view. Later, the world found out that Che Guevara had gone to Bolivia to help the revolution there because he felt that "other nations of the world call for my modest efforts". Even though he was a revolutionary leader in Cuba, even though he had sacrificed and suffered in the Cuban mountains and won–he went back to the same situation in Bolivia. He believed so strongly in world wide revolution and the need to set the example for the people of the world, he gave up all he had fought for and won in Cuba to again put his life on the line for his beliefs. Che felt that the people, not individuals, make history and his life was no more valuable than anyone else's. "What do the dangers or sacrifices of a man or of a nation matter, when the destiny of humanity is at stake."

And in Bolivia, Che met his death. On October 7, he was in a small skirmish. He was wounded in both legs, his pistol had no magazine, but he continued fighting until the barrel of his M-2 was destroyed by a shot. He was captured, tortured and murdered by the Bolivian army and the CIA. Luckily, a Bolivian government official escaped with his diary and the story of his death. That's how we know what happened. But Che's death was not a defeat–remember his own words: "Wherever death may surprise us, it will be welcome, provided that this, our battle cry, reaches some receptive ear, that another hand stretches out to take up weapons and that other men come forward to intone our funeral dirge with the staccato of machine guns and revolutionary cries of battle and victory." As we struggle, day to day, in our own way to make a revolution here in North America, we look to Che for guidance. He was the example.

THE SPIRIT OF CHE LIVES!
ALL POWER TO THE PEOPLE!

GI'S ON THE MOVE

PEOPLE'S ARMED FORCES DAY/ ARMED FARCES DAY AROUND THE COUNTRY

On May 20th, Armed Forces Day, there were anti-war, anti-brass demonstrations led by GI's from over 50 bases around the world. Up until the last few years Armed Forces Day, has been a day when the brass, the large war goods producing corporations, and the politicians rapped about how great it was that the United States military was protecting U.S. business around the world. Traditionally, there have been military parades showing how disciplined the GI's are and how modern the instruments of war are. But in the past two years anti-war GI's have been using Armed Forces Day as a day to express their hatred for the war in Indo-China and their hatred for the lifers. Because these demonstrations have been so successful, in many areas including Chicago, the pigs can no longer have their pro-imperialist parades. So most places Armed Forces Day has been replaced by Armed Farces Day (or People's Armed Forces Day) and in those places where the military is foolish enough to try to have their parades, there is usually a disruption: (For instance, this year at Cherry Point Marine Air Corps Station in North Carolina the brass put everyone on extra duty, but at the official air show GI's parachuted out of planes dumping leaflets about the Armed Farces Day demonstration going on outside the gate).

There were GI led demonstrations at too many places to run them all down, but just to give you an idea of how strong the GI movement against the lifers and the war is, let me run down just a few of the things that happened. (For the story on May 20th at Great Lakes Naval Training Center see the center spread.)

Travis Air Force Base (Suisan City, California)
300 – 400 GI's demonstrated outside the base. The pigs' armed forces day was cancelled. There was a march and a rally where active duty GI's, Jane Fonda, and a Vietnamese student spoke.

Ft. Devins, (Massachusetts)
There were 4 days of demonstrations and on Saturday May 20th 300 GI's from Ft. Devins and Hascom marched to the base and since the base was open, they just kept right on marching on to the base. When they were on base Vietnam Veterans Against the War did some guerrilla theatre. 25 people were busted, but later cut loose.

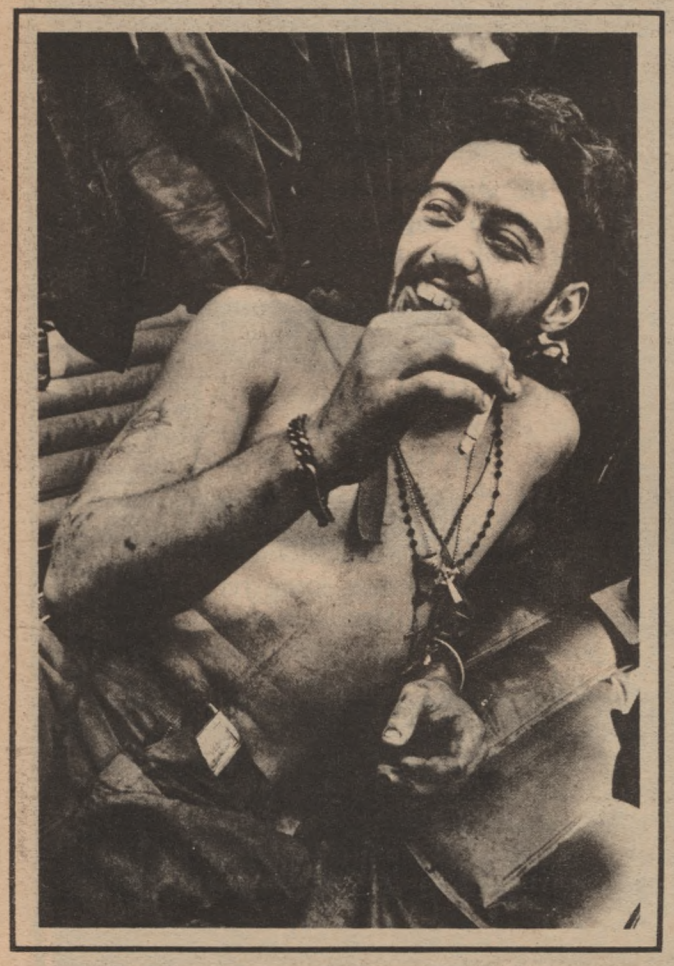
Ft. Ord, (California)
400 people marched from Ft. Ord to the Presidio. At the Presidio vets and GI's returned their medals and discharge papers to a coffin onto the base.

Ft. Hood, (Texas)
200 GI's and 100 civilians had a rally near the Oleo Strut Coffeehouse, an anti-war GI office.

There were also demonstrations at Ft. Bragg, North Carolina; Ft. Home, Idaho; Ft. Campbell, Kentucky; Ft. Dix, New Jersey; Wright – Patterson Air Force Base, Ohio; McGill Air Force Base, Florida; Peace Air Force Base and Portsmouth Naval Station, New Hampshire; Westover Air Force Base; Ft. Eustin, Virginia; Cherry Point Marine Air Corps Station, North Carolina; Kirtland Air Force Base, Sandia Army Base and Manzawa Army Base, New Mexico; Ft. Bliss, Texas; Long Beach Naval Station, San Diego, California; and El Toro Marine Air Station, California. This list is just the top of the ice berg.

The number of demonstrations and the spirit of the GI's who participate in them, is only a small indication of how strong the revolutionary movement is in all branches of the service. Brothers in the Marines and Army refusing combat orders; brothers in the Air Force and Navy refusing to service the planes or servicing them wrong; sailors trying to prevent their ships from going to war. This GI resistance is growing and intensifying everyday and in everyway. Civilians should give more support to these courageous brothers in the service and the revolutionary brothers captured in the service should continue their resistance and increase its destruction to the war machine. Everyday should become an Armed Farces Day.

POWER TO THE REVOLUTIONARY GI'S
RIGHT ON, BROTHERS!



RISING UP ANGRY

programs to serve the people

RISING UP ANGRY serves the people in as many ways as we can. Besides our newspaper that gives revolutionary news from around the city, the country and the world, we have programs that help us deal with the problems that people have to face every day. Our office is at 2744 N. Lincoln Avenue and our phone is 472 - 1791. Please contact us if we can serve you and your family in any way.

LEGAL PROGRAM Our Legal Program includes advice for: criminal cases, housing, draft, military, or just hassles of any kind with the law. Our lawyers are inexpensive and sometimes free. No one is turned away for lack of money. The two legal clinics are at: the Rising Up Angry Office – 2744 N. Lincoln Avenue – Wednesday nights between 7 and 9pm. and at the Albany Park Community Center – 4949 N. Kedzie – 588 - 8735 on Tuesday nights between 7 and 9pm. Call RUA for any more information.

FREE HEALTH CARE Rising Up Angry is working with the Fritzi Englestein Free People's Health Center at 2747 N. Wilton Avenue. The clinic provides every kind of medical care – free! The clinic is open on Tuesday nights from 6 to 9pm and Wednesday nights from 6 to 9pm. Call 348 - 8578.

FOR OUR SISTERS Our sisters try to meet some of the special problems that women face. The services are: Welfare and legal counseling on Wednesday nights from 7 to 9pm at 2744 N. Lincoln Avenue. (divorces, unwed mothers, juveniles, etc.) Pre-natal and pediatric care at Fritzi Englestein Free People's Health Center (see above, Free Health Care). For free, legal abortion counseling, call Jane at 643-3844.

If your afternoons are free, you can come into the office and meet someone to sell papers with. If your evenings are free, you can work at the Clinic or on the Legal Program. You can work on the Sisters Program anytime. If you have any money to spare, it will be used to keep all the programs going. Please call us and help serve the people. All of our programs have a place for you.

2744 LINCOLN AVE.

There are many other ways you can help serve the people. Making the revolution is a long lifetime process. Revolution never ends, it only begins. Anything you can do can help the people, whether you can work full time or only an hour a week.

You can become involved in SERVING THE PEOPLE, by doing outreach in schools and neighborhoods, helping produce revolutionary literature, selling RISING UP ANGRY, working with sisters, the Angry Legal Program, or the Free People's Health Center.

We need people for these and many more things: office work, people's theater, demonstrations, make posters, take photos, fix cars, paint walls, do art work, type, carpentry, printing, plumbing, electrician, pass out leaflets, sell papers, make phone calls, get medical supplies, office supplies, play music, sew banners, cook, etc. We need your help: the people need your help. TOGETHER WE WILL WIN

Fill out this form and send it in. We will let you know about events RISING UP ANGRY is participating in or sponsoring, such as mass meetings, rallies, demonstrations, people's dances and more.

RISING UP ANGRY COMIX

CHICOGO;

THE SECOND LARGEST CITY IN AMERICA! THERE ARE 4 MILLION STORIES OUT THERE AND DIS IS ONE OF THEM...

HIGH ABOVE THE STREETS AT THE CENTRAL HEADQUARTERS FOR MILITARY AFFAIRS AT 11TH AND STATE...

YES COMMISSIONOR CONLISK. YOUR IDEA FOR IMPROVING THE POLICE IMAGE IS WONERFUL. WE WILL PUT IT INTO EFFECT RIGHT AWAY

WATCH COMMAND

WITHIN SECONDS THE MASSIVE POLICE RADIO NETWORK BEAMS ITS MESSAGE TO EVERY CORNER OF THE CITY..

BEEP BEEP BEEP

I'M GONNA BLOW YER BRAINS OUT KID

ALL MEN REPORT IN FOR NEW IDENTITY

SNAK I'S

ALL MEN REPORT IN FOR NEW IDENTITY

ALL MEN REPORT..

THIRD TIME DIS MONTH

BACK AT THE STATION

O.K. MEN. I WANT YOU ALL TO WEAR THESE HALOS

THEY PLUG IN TO THE LIGHTER

OUT ON THE STREET

BOY-DIS IS GREAT-A HALO ON MY HEAD, A GUN ON MY HIP. FROM NOW ON ITS SAINT FRIMET-DA WINGS WAS MY IDEA

FRIMET

HEY FRIMET-WHAT ARE YOU SUPPOSED TO BE? AN ELECTRIC PORK CHOP?

LOOK OUT! HE'S GOING FOR HIS GUN AGAIN

LET'S RUN FOR IT

NO-I'M AN ANGEL AND IM GONNA BLOW YA TA HELL

FRIMET

JEEZ.-CAN'T RUN MUCH MORE-OUTA SHAPE-GOOD THING I GOT MY HALO-I'T WILL LITE UP DAT ALLEY

FRIMET

50 FEET OF CORD AWAY-BACK AT THE SQUAD CAR.....

POP

LIGHTER

THE PLUG OF THE HALO PULLS OUT OF THE CIGARETTE LIGHTER-CUTTING THE POWER

HEY-WHO PUT OUT DA LIGHTS

BLINK

CRASH

AS THE SUN RISES IN THE MORNING

ANYONE WHO SERVES AND PROTECTS THE RICH AND OPPRESSES THE PEOPLE IS A PIG NO MATTER WHAT HIS DISGUISE.
